KİLER ALIŞVERİŞ HİZMETLERİ GIDA SANAYİ VE TİCARET A.Ş. CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE PERIOD ENDED 01.01. – 30.06.2011 TOGETHER WITH REVIEW REPORT

KİLER ALIŞVERİŞ HİZMETLERİ GIDA SANAYİ VE TİCARET A.Ş.
REVIEW REPORT AS OF AND FOR THE PERIOD ENDED
01.01.-30.06.2011

To the shareholders of
Kiler Alışveriş Hizmetleri Gıda Sanayi ve Ticaret A.Ş.

Introduction

1. We have reviewed the accompanying consolidated statement of financial position of Kiler Alışveriş Hizmetleri Gıda Sanayi ve Ticaret A.Ş. and its subsidiaries (together "the group"), as of 30.06.2011 and the related consolidated statement of income, consolidated changes in equity and consolidated cash flows for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of this interim financial information in accordance with financial reporting standards issued by the Capital Market Board. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

2. We conducted our review in accordance with Capital Market Board auditing standards applicable for the preparation of interim financial statements. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Capital Market Board auditing standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

3. Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information does not present fairly, in all material respects, the financial position of the Company as of 30 June 2010, and of its financial performance and its cash flows for the six month period then ended in accordance with financial reporting standards (Note 2) issued by the Capital Market Board.

NOTE 1 – COMPANY'S ORGANIZATION AND NATURE OF OPERATIONS

Kiler Alışveriş Hizmetleri Gıda San. ve Tic. A.Ş. ("Kiler" or "Kiler Alışveriş") was established in 1994 in Istanbul. Kiler is mainly engaged in retail and wholesale of essential goods. AS of 30.06.2011, Kiler has 123 stores (31.12.2010: 105) and together with its consolidated subsidiary total number of stores is 191 (31.12.2010: 173). As of 30.06.2011, Kiler has 3,360 employees (31.12.2010: 2,954).

Kiler Alışveriş purchased the property, plant and equipment of 12 of the Yimpaş chain stores in August 2008 and rented these stores. 10 of these stores underwent renewal modifications and were opened for service in 2008. The renewal modifications of the remaining 2 stores were completed and opened for service in February 2009.

Kiler's registered address is Namık Kemal Neighborhood, Tonguçbaba Road Number: 23 Haramidere - Esenyurt, Istanbul.

In the accompanying financial statements, Kiler Alışveriş Hizmetleri Gıda Sanayi ve Ticaret A.Ş. is referred to as "The Company'' and together with the subsidiaries is referred to as "The Group''. The interest share of The Company is shown below:

	Economic interest (%)		**Ownership interest rate (%)**	
Consolidated Company	**30.06.2011**	**31.12.2010**	**30.06.2011**	**31.12.2010**
Kiler Ankara Mağazacılık Sanayi Ticaret A.Ş.	96	47	100	54

(*) Kiler Ankara Mağazacılık Sanayi ve Ticaret A.Ş. belongs to the Canerler store chains which were bought by the Canerler family in 2005. The chain consisted of 49 stores, 1 integrated meat processing facility, 1 management building, a bakery production facility and a commodity warehouse. 47% of the Canerler store chain was purchased by Kiler Alışveriş and 3% of these shares were bought by Kiler Alışveriş's shareholders; Ümit Kiler, Nahit Kiler and Vahit Kiler. The A group shares held by Kiler Alışveriş and the Kiler family have the right of choosing 4 out of the 7 members of the board of directors for their own representation. The remaining 50% of the shares which represent the B group shares have the right of choosing 3 out of 7 members for the board of directors. The remaining Kiler Ankara shares are purchased from Canerler family in 2011 as detailed in Note 41.

Some of the activities of the consolidated company are summarized below:

Kiler Ankara Mağazacılık Sanayi ve Ticaret A.Ş.

Kiler Ankara Mağazacılık Sanayi ve Ticaret A.Ş. ("Kiler Ankara"), was established in Ankara under the name of Canerler Gıda San. ve Tic. A.Ş. ("Canerler Gıda") and is engaged in retail sale. In 2005 50% of the shares of Canerler Gıda (new name Kiler Ankara) was sold to the Kiler family and the Kiler group of Companies. The control and management of Kiler Ankara belongs to the Kiler family and Kiler group of Companies. As of 30.06.2011, there were 68 stores in Ankara (under the banner of Kiler) (31.12.2010: 68). As of 30.06.2011, the number of personnel employed was 1,674 (31.12.2010: 1,641).

The registered address of Kiler Ankara is; Çamlıca Mahallesi 12. Sokak No: 8 Macunköy Yenimahalle, Ankara.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

2.1. Basis of Presentation

The consolidated financial statements of the Group have been prepared in accordance with International Financial Reporting Standards (IFRS), which comprise standards and interpretations approved by the International Accounting Standards Board and International Accounting Standards and Standing Interpretations Committee interpretations approved by the IASC that remain in effect.

The Company and its Turkish subsidiaries maintain their books of account and prepare their statutory financial statements in accordance with accounting principles in the Turkish Commercial Code ("TCC") and tax legislation. The consolidated financial statements are based on the statutory records with adjustments and reclassifications for the purpose of fair presentation in accordance with IFRS.

2.2. Going Concern

The Group prepares their financial statements in accordance with the principles of going concern.

2.3. Measurement currency and reporting currency

The Consolidated financial statements are presented by the Group's measurement and reporting currency "TL". The consolidated financial statements have been prepared based on cost method except financial assets and liabilities measured with fair value.

2.4. Comparable financial information and reclassification of prior period financial statements

For the compatibility of the current financial statements the comparative financial statements are reclassified if necessary, and material differences are disclosed.

2.5. Offsetting

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liabilities simultaneously.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

2.6. Basis of consolidation
Consolidated financial statements include financial statements which are prepared as of the same date, of the Company and Subsidiaries.

The consolidation policy adopted by the Company in the preparation of its financial statements is explained below:

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company. Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The balance sheet and income statement of the Group are consolidated on a line-by-line basis. All intra-group transactions, balances, income and expenses are eliminated on consolidation. Minority interests in the net assets of consolidated subsidiaries are identified separately from the Group's equity therein. Minority interests consist of the amount of those interests at the date of the original business combination and the minority's share of changes in equity since the date of the combination.

2.7. Changes in accounting policies, estimates and correction of errors
The effect of a change in accounting policy is applied retrospectively and prior period financial statements are issued again. If the changes in accounting estimation are in accordance with only one period, it is carried out in the same changing period but if the changes are in accordance with forward periods, it is carried out in the changing period and for forward periods.

The correction of fundamental errors that relate to the current period is normally included in the determination of net profit or loss for the current period. The correction of fundamental errors that relate to prior periods requires the restatement of the comparative information or the presentation of additional pro forma information. The amount of the correction of a fundamental error that relates to prior periods should be reported by adjusting the opening balance of retained earnings. Comparative information should be restated, unless it is impracticable to do so.

The group measured its investment properties and its land and buildings with cost method until 31.12.2009. On 31.12.2009 the Group chooses to measure its investment properties and land and buildings with fair value method.

2.8. Critical accounting estimates, assumptions and judgment
The preparation of financial statements requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. These estimates are reviewed periodically and as adjustments become necessary they are reported in earnings in the periods in which they become known.

The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date and the significant judgments are set out below:

- Allowance for doubtful debts reflect the amount set aside for the losses in the future related to receivables which exist at the balance sheet date but which, in the opinion of the management, carry the risk of collection due to current economic conditions. When evaluating whether receivables have suffered a loss in value the past performance of the debtors, their credibility in the market and their performance between the balance sheet date and report date together with changed circumstances are taken into consideration. In addition the collaterals existing as at the balance sheet date together with new collaterals obtained between the balance sheet date and report date are also taken into consideration. The allowance for doubtful receivables as of the balance sheet dates are explained under note 10 and 11.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

- When setting aside the provision for legal claims the probability of losing the related case and the results expected to be suffered in the event that the legal counsel of the Group and management of the Group make their best estimates to calculate the provision required.

- As for the diminution in value of inventories, all inventories are subjected to review and their usage possibility ascertained on the basis of the opinion of the technical personnel; provisions are set aside for items expected not to have usage possibility. Calculation of net realizable values of stocks is based on selling prices as disclosed by selling price lists after deduction of average discounts given during the year and selling expenses to be incurred for the realization of stocks. If the net realizable value of any inventory falls under its cost price appropriate provisions are accordingly set aside (Note 13).
- Property, plant and equipment and intangible assets held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses. The Group estimates the useful life of tangible and intangible assets. Depreciation is charged using the straight line basis over the useful life which depends on the best estimation of the management. The useful life of property, plant and equipment and intangible assets are reviewed at each balance sheet date and changes are made as necessary (Note: 2.9).

- Deferred tax assets are accounted for only where it is likely that related temporary differences and accumulated losses will be recovered through expected future profits. When accounting for deferred tax losses it is necessary to make important estimations and evaluations with regard to taxable profits in the future periods.

2.9. Summary of Significant Accounting Policies
Significant accounting policies for financial statements are summarized below:

Revenue Recognition
The Group operates in its retail stores for the selling of food and drinks and durable consumer goods. The selling of goods is recorded once the goods are sold to the customer. The retail sales are generally in credit card or cash payments.

The income obtained from the sellers, the revenue premiums, the discounts obtained from sellers and the advertisement participation income recorded on accrual basis.

Trade receivables / payables
Trade receivables are measured at initial recognition at fair value and are subsequently measured at amortized cost using the effective interest rate method to set an allowance for unearned interest. Appropriate allowances for estimated irrecoverable amounts are recognized in profit or loss when there is objective evidence that the asset is impaired. The allowance recognized is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the effective interest rate computed at initial recognition. The decreases in the impairment of receivables are reflected in the current comprehensive period income statement.

Inventories
Inventories are stated at the lower of cost and net realizable value. Costs comprise direct materials and, where applicable, direct labor costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculated by the weighted average method. Net realizable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketing, selling and distribution.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

Property, plant and equipment

Property, plant and equipment (except land and buildings) are stated at cost less accumulated depreciation and impairment. As of 31.12.2009 the Group accounted for its land and buildings under a revaluation model using the fair value method. The accumulated depreciation of the buildings is netted off with the cost and the net value is increased to the valued amount. Depreciation is provided on a straight-line basis based on the approximate useful economic life as follows:

	Year
Buildings	50
Machinery and equipment	10-20
Vehicles	8-14
Furniture and Fixtures	7-20
Leasehold improvements	10-14

At each balance sheet date, property, plant and equipment and intangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Whenever the carrying amount of an asset exceeds its recoverable amount, an impairment loss is recognized in income for items of tangible and intangibles carried at cost. Recoverable value is the higher of the net sales value and the value of the use.

The gain or loss arising from the disposal or derecognition of an item of property, plant and equipment is the difference between the net sales proceeds, if any, and the restated carrying amount. The gain or loss arising from the disposal of an item of property, plant and equipment is recognized in profit or loss.

Expenditure that arises as a result of any of the real assets being replaced results in capitalization together with maintenance and fixtures. Other expenses that arise at a later date that add to the economic value of the product are also capitalized. All other expenses are accounted for as they are in the income statement during the assessment.

Investment Property

Investment property is property (land or a building or part of a building or both) held (by the owner or by the lessee under a finance lease) to earn rentals or for capital appreciation or both.

Investment property is recognized as an asset when it is probable that the future economic benefits that are associated with the property will flow to the entity, and the cost of the property can be reliably measured.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

Initial measurement
Investment property is initially measured at cost, including transaction costs. Such cost should not include start-up costs, abnormal waste, or initial operating losses incurred before the investment property achieves the planned level of occupancy.

Measurement subsequent to initial recognition
IAS 40 permits entities to choose between the fair value model and the cost model.

Fair value model
Investment property is re-measured at fair value, which is the amount for which the property could be exchanged between knowledgeable, willing parties in an arm's length transaction. Gains or losses arising from changes in the fair value of investment property are included in net profit or loss for the period in which it arises.

Cost Model
After initial recognition, investment property is accounted for in accordance with the cost model as set out in property, plant and equipment – cost less accumulated depreciation and less accumulated impairment losses.

All the investments properties should be accounted with the same accounting policy explained above.

The Group measured investment properties using the cost model until 31.12.2009. Since 31.12.2009 the Group has used the fair value model.

Intangible Assets
An intangible asset is recognized if it meets the identifiable criteria of intangibles, control exists over the asset and it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the costs can be measured reliably. Intangible assets are carried at cost less accumulated amortization and impairment. Amortization of intangible assets except goodwill for which the accounting is explained above is allocated on a systematic pro-rata basis using the straight-line method.

	Year
Other intangible assets	5

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

Goodwill
Goodwill arising on the acquisition of a subsidiary or a jointly controlled entity represents the excess of the cost of acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the subsidiary or jointly controlled entity recognized at the date of acquisition. Goodwill is initially recognized as an asset at cost and is subsequently measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognized for good will is not reversed in a subsequent period.

Impairment of assets
The Group assesses for assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount.

The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. Impairment losses are recognized in the income statement.

Financial investments
The Group classifies its financial assets held for trading.

Financial assets held for trading are either acquired for generating a profit from short term fluctuations in price or dealer's margin, or included in a portfolio in which a pattern of short term profit-making exists.

Financial assets held for trading are initially recognized at cost and are subsequently re-measured at fair value based on quoted bid prices. All related realized and unrealized gains and losses are included in the consolidated income statements.

Effective interest method
The effective interest method is a method of calculating the amortized cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

Borrowing costs
Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the cost of those assets. All other borrowing costs are recognized in net profit or loss in the period in which they are incurred.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

Foreign currency transactions

Transactions in foreign currencies during the periods have been translated at the exchange rates prevailing at the dates of these transactions. Balance sheet items denominated in foreign currencies have been translated at the exchange rates prevailing at the balance sheet dates. The foreign exchange gains and losses are recognized in the income statement.

Earnings per share

Earnings per share disclosed in the income statement are determined by dividing net income by the weighted average number of shares.

Other provisions, contingent liabilities and contingent assets

Other provisions are recognized when present obligations will probably lead to an outflow of economic resources from the Group and they can be estimated reliably. Timing or amount of the outflow may still be uncertain. A present obligation arises from the presence of a legal or constructive commitment that has resulted from past events, for example, product warranties granted legal disputes or onerous contracts. Restructuring provisions are recognized only if a detailed formal plan for the restructuring has been developed and implemented, or management has at least announced the plan's main features to those affected by it. Provisions are not recognized for future operating losses. Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the balance sheet date, including the risks and uncertainties associated with the present obligation. Any reimbursement expected to be received in the course of settlement of the present obligation is recognized, if virtually certain as a separate asset, not exceeding the amount of the related provision.
Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. In addition, long term provisions are discounted to their present values, where time value of money is material. All provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

In those cases where the possible outflow of economic resource as a result of present obligations is considered improbable or remote, or the amount to be provided for cannot be measured reliably, no liability is recognized in the balance sheet. Probable inflows of economic benefits to the Company that do not yet meet the recognition criteria of an asset are considered contingent assets.

Leases

Finance leases, which transfer to the Group substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly against income. Capitalized leased assets are depreciated over the estimated useful life of the asset.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

Related Parties
For the purpose of the accompanying financial statements, key personnel in management and board of directors, their family and controlled or dependent companies, participations and subsidiaries of the Company are referred to as related parties.

Post balance sheet events
The Group retrospectively recognizes events after the balance sheet date if adjustment is required. If events after the balance sheet date do not require any adjustment, necessary disclosures are made in the notes of the financial statements.

Segment Reporting
As the Group operates in a single business segment and in a single geographic location, there is no basis for segment reporting.

Government Incentives and Subsidies
These are reflected in the financial statements when the Group has complied with all of the requirements and reasonable assurance is formed that incentive or assistance will be obtained. Liabilities to governmental departments which may be forgone by the authorities are accepted as government incentives when reasonable assurance is formed that such liabilities will not be paid because the Group has complied with all the requirements related to the liability.

Customer loyalty program
The money points which the Group offers to its customers go within the context of IFIRC 13. Customers obtain money points when they shop from the stores which they can then use later. The Company accounts for the points that its customers obtain at fair values as deferred expense and according to IFIRC 13 this amount is reduced from sales.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.
Deferred tax liabilities or assets are recognized on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method.

Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be used.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realized. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Provision for employee termination benefits

Under Turkish law and union agreements, severance payments are made to employees retiring or involuntarily leaving the Group. Such payments are considered as being part of the defined retirement benefit plan as per International Accounting Standard No: 19 (revised) “Employee Benefits” (“IAS 19”). The retirement benefit obligation recognized in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognized actuarial gains and losses.

Cash flow statements

Cash and cash equivalents, which are the short term investments in cash flow statements, comprise of cash, bank deposits and investments of less than three months maturity and can be directly converted to the cash and are not under the high risk of value changing.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

2.10. Adoption of New and Revised International Financial Reporting Standards

New and Revised International Financial Reporting Standards

In the current year, the Group has adopted all of the new and revised Standards and Interpretations issued by the International Accounting Standards Board (IASB) and International Financial Reporting Interpretations Committee (IFRIC) that are effective as at 30.06.2011 and that are relevant to its operations.

The new and amended IFRS and International Financial Reporting Interpretations Committee (‘‘IFRIC’’) interpretations effective for the financial period ending at 30.06.2011:
The accounting policies, which are basis of presentation of consolidated financial statements, are consistent with those of the previous financial year except for the new standards and interpretation summarized below. The following new and amended IFRS and IFRIC interpretations are adopted in the periods beginning on 01.01.2011:

- IFRIC 17 Distributions of Non-cash Assets to Owners,
- IAS 39 Financial Instruments: Recognition and Measurement (Amended) – eligible hedged items,
- Improvements to IFRS (May 2008),
- The amendments to IFRS 2, “Share Based Payments”, share based payments paid in cash by the group.
- Improvements to IFRS (April 2009).
- IFRS 3 (Revised)" Business Combinations" and IAS 27 (Revised) “Consolidated and Separate Financial Statements”

- IFRS 1 Amendment on Limited Exemption from Comparative IFRS 7 Disclosures for First-time Adopters to IFRSs. Amendments made in the standard introduce limited exemption to the first-time adopters concerning the comparable presentation of UFRS 7 Fair Value disclosures.

-IFRS 7 ‘Financial Instruments Disclosures’, effective for annual periods beginning on or after 01.01.2011. This improvement gives clarifications of disclosures required by IFRS 7 and emphasized the interaction between quantitative and qualitative disclosures and the nature and extend of risks associated with financial instruments.

IFRIC 14 (Amended) ‘‘Prepayments of a Minimum Funding Requirement’’, is effective for annual periods beginning on or after 01.01.2011. The purpose of this amendment was to permit entities to recognize as an asset some voluntary prepayments for minimum funding contributions. Earlier application is permitted and must be applied retrospectively. The Group does not expect that this amendment will have any impact on the financial statements of the Group.

IAS 24 (Revised) ‘Related Party Disclosures’ is effective for annual periods beginning on or after 01.01.2011. This revision related to the judgment which is required so as to assess whether a government and entities known to the reporting entity to be under the control of that government are considered as a single customer. In assessing this, the reporting entity shall consider the extent of the economic integration between those entities. Early application is permitted and adoption shall be applied retrospectively. The Group does not expect that this amendment will have an impact on the financial statements of the Group.

- IFRS 1 Amendment on Limited Exemption from Comparative IFRS 7 Disclosures for First-time Adopters to IFRSs. Amendments made in the standard introduce limited exemption to the first-time adopters concerning the comparable presentation of UFRS 7 Fair Value disclosures.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

IFRIC 19 ‘‘Extinguishing Financial Liabilities with Equity Instruments’’, is effective for annual periods beginning on or after 01.07.2010. This interpretation addresses the accounting treatment when there is a renegotiation between the entity and the creditor regarding the terms of a financial liability fully or partially. IFRIC 19 clarifies such equity instruments are ‘consideration paid’ in accordance with paragraph 41 of IAS 39. As a result, the financial liability is derecognized and the equity instruments issued are treated as consideration paid to extinguish that financial liability. The Group does not expect that this amendment will have any impact on the financial statements of the Group.

IAS 32 (Revised) ‘‘Classification on Rights Issues’’, is effective for annual periods beginning on or after 01.02.2010. This amendment relates to the rights issues offered for a fixed amount of foreign currency which were treated as derivative liabilities by the existing standard. The amendment states that if certain criteria are met, these should be classified as equity regardless of the currency in which the exercise price is denominated. The amendment is to be applied retrospectively. The Group does not expect that this amendment will have any impact on the financial statements of the Group.

- Improvements to IFRSs (2009)
- IFRS 1 Additional Exemptions for First-time Adopters (Amendments to IFRS 1) effective from 1 January 2010
- IFRS 2 Group Cash-settled Share-based Payment Transactions (Amendments to IFRS 2)
Effective from 1 January 2010
-IFRS 1 First-time Adoption of International Financial Reporting Standards (Revised 2008)
Effective from 1 July 2009
-IFRS 3: Contingent consideration that arose from business combinations with acquisition dates precede the adoption of revised IFRS 3.
-IFRS 3: Measurement of non-controlling interests
-IFRS 3: The replacement of the acquirer’s share-based payment transactions (whether obliged or voluntarily)
- IFRIC 18 Transfers of Assets from Customers

Improvements to IFRSs (published at May 2010):
In May 2010 the IASB issued its third omnibus of amendments to its standards, primarily with a view to removing inconsistencies and clarifying wording. The effective dates of the improvements are various beginning on 01.07.2010. Early application is permitted in all cases and this annual improvements Project has not yet been endorsed by the European Union.

Improvements to IFRSs below are not expected to have an impact on the financial statements of the Group;
IFRS 3: Contingent consideration that arose from business combinations with acquisition dates precede the adoption of revised IFRS 3.
IFRS 3: Measurement of non-controlling interests
IFRS 3: The replacement of the acquirer’s share-based payment transactions (whether obliged or voluntarily)
IAS 1: Clarification to the statement of changes in equity
IAS 27: Clarification of the consequential amendments from IAS 27 ‘Consolidated and Separate Financial Statements’ made to IAS 21, IAS 28 and IAS 31
IFRIC 13: Customer Loyalty Programs: The fair value of award credits
IAS 34 Interim Financial Reporting: Guidance to illustrate how to apply disclosure principles and additional disclosure requirements.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

The new and amended IFRS and IFRIC interpretations effective for the financial periods beginning after 30.06.2011:

The new and amended IFRS and IFRIC interpretations, which are published but not effective as at the date of the approval of the financial statements and not early adopted by the Group, are as follows:

IFRS 13 Fair Value Measurement 1 January 2013
IFRS 13 has been issued in order to provide a single source of guidance for all fair value measurements and to clarify the definition of fair value has been broadcasted in May 12, 2011. Prior to its publication, the guidance on fair value was distributed across many IFRSs, with some containing quite limited guidance while others contained extensive guidance that was not always consistent. The global financial crisis highlighted the need to improve the transparency of how fair value is measured and also how fair value should be measured when the market for an asset or liability becomes less active. While the measurement principles will be unchanged in many situations, there will be individual scenarios where the effects of IFRS 13 could be significant. These changes will be applicable for the periods beginning on or after 1 January 2013. Group, has not yet identified the effects that may occur in the financial statements as a result of the implementation of this standard.

IFRS 12 Disclosure of Interests in Other Entities effective from 1 January 2013
IFRS 12 The Standard integrates and makes consistent the disclosure requirements for subsidiaries, joint arrangements, associates and unconsolidated structured entities provides transparency about the risks to which a reporting entity is exposed from its involvement with structured entities. These changes will be applicable for the periods beginning on or after 1 January 2013. Group, has not yet identified the effects that may occur in the financial statements as a result of the implementation of this standard.

IFRS 11 Joint Arrangements effective from 1 January 2013;
Arrangements that would have previously been classified as ‘jointly controlled operations’ or ‘jointly controlled assets’ categories will fall into the newly defined category of ‘joint operation’. Under IFRS 11, a joint operator recognizes and measures the assets and liabilities (and the related revenues and expenses) in relation to its interest in the arrangement in accordance with relevant IFRSs applicable to the particular assets, liabilities, revenues and expenses. Similarly most arrangements previously classified as ‘jointly controlled entities’ under IAS 31, will be classified as ‘joint ventures’ under IFRS 11. A joint venture recognizes its investment in a joint venture and accounts for it using equity accounting (in accordance with IAS 28 Revised) – the option of using proportionate consolidation that was contained in IAS 31 no longer exists. These changes will be applicable for the periods beginning on or after 1 January 2013. Group, has not yet identified the effects that may occur in the financial statements as a result of the implementation of this standard

IFRS 10 Consolidated Financial Statements effective from 1 January 2013;
IFRS 10 standard supersedes IAS 27 ‘Consolidated and Separate Financial Statements ‘and SIC-12 ‘Consolidation – Special Purpose Entities’ .IFRS 10 aims to address these concerns with a new, principle-based, definition of control that will be applied to all types of investee (including special purpose vehicles and more conventional voting interest entities) to determine which are consolidated. In order to determine whether a reporting entity has control over another entity in which it has invested, the following three elements must always be present in accordance with IFRS 10: i) power over the investee ii) exposure, or rights, to variable returns from its involvement with the investee iii) the ability to use its power over the investee to affect the amount of the investor’s returns. These changes will be applicable for accounting periods beginning on or after 1 January 2013. Group, has not yet identified the effects that may occur in the financial statements as a result of the implementation of this standard.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

IAS 28 Investments in Associates and Joint Ventures effective from 1 January 2013

IAS 28 'Investments in Associates and Joint Ventures' (2011) has been revised with the release of the standards: IAS 28, IFRS 10, IFRS 11 and IFRS 12.

IAS 27 Separate Financial Statements effective from 1 January 2013

IAS 27: IAS 27 "Consolidated and Separate Financial Statements" presents disclosures on transitional provisions regarding the changes made to IAS 21, IAS 28 and IAS 31. The requirements for separate financial statements are unchanged while disclosures requirements have been added to IAS 27 (revised) standard. Other information in IAS 27 has been replaced by the information mentioned in IFRS 10 standard.

IAS 19 Employee Benefits (Revised 2011) effective from 1 January 2013;

The amendments to IAS 19 changes the accounting treatment for defined benefit plans and termination benefits. These changes will be applicable for the periods beginning on or after 1 January 2013. Group, has not yet identified the effects that may occur in the financial statements as a result of the implementation of this standard.

IFRS 9 Financial Instruments effective from 1 January 2013;

IFRS 9 'Financial Instruments –Phase 1 financial assets, classification and measurement', is effective for annual periods beginning on or after 01.01.2013. Phase 1 of IFRS 9 Financial Instruments introduces new requirements for classifying and measuring financial assets. Early adoption is permitted. This standard has not yet been endorsed by the EU. The Group is assessing the impact of the new standard.

IAS 1 Presentation of Items of Other Comprehensive Income (2011) effective from 1 July 2012 (Amendments to IAS 1);

The amendments to IAS 1 present explanatory information regarding the disclosure of the items included in other comprehensive income and classification of these items. These changes will be applicable for the periods beginning on or after 1 July 2012. Group, has not yet identified the effects that may occur in the financial statements as a result of the implementation of this standard.

IAS 12 Deferred Tax: Recovery of Underlying Assets effective from 1 January 2012 (Amendments to IAS 12);

IAS 12 'Deferred Tax: Recovery of Underlying Assets' (Amendment), is mandatory for annual periods beginning on or after 01.01.2012. IAS 12 has been updated to include i) a rebuttable presumption that deferred tax on investment property measured using the fair value model in IAS 40 should be determined on the basis that its carrying amount will be recovered through sale and ii) a requirement that deferred tax on non- depreciable assets, measured using the revaluation model in IAS 16, should always be measured on a sale basis.

IFRS 7 'Financial Instruments: Disclosure as part of its comprehensive review of off balance sheet activities' (Amended),is effective for annual periods beginning on or after 01.07.2011. The purpose of this amendment is to allow users of financial statements to improve their understanding of transfer transaction of financial assets (e.g. securitizations); including understanding the possible effects of additional disclosures if a disproportionate amount of transfer transactions are undertaken around the end of a reporting period. The amendments broadly align the relevant disclosure requirements of IFRSs. The Group has not yet assessed the impact of the new standard.

NOTE 3 - BUSINESS COMBINATIONS

None (31.12.2010: None).

NOTE 4 - JOINT VENTURES

None (31.12.2010: None).

(All amounts in thousands of Turkish Lira (TL) unless indicated otherwise.)

NOTE 5 - SEGMENT REPORTING

As the Group operates in a single business segment and in a single geographic location, there is no basis for segment reporting.

(*) The Bahçeşehir land is in the province of Istanbul, Esenler, İkitelli, 1266 blocks and parcel number 1 with an area of 5,448m^2. In the land registry this land is registered on behalf of KİPTAŞ (Istanbul Konut, İmar, Plan, Turizm Ulaşım San. ve Tic. A.Ş.) and was bought by Kiler Alışveriş on 23.05.2003 with the promise of sale contract numbered 14789. Due to the continuation of other projects of KİPTAŞ in that area the transfer of land registry has not been completed as of the report date. Kiler Alışveriş has been carrying out all of the legal obligations with regards to the real estate since the date of purchase. The building on that land does not have any certificate of approval.

(**) The Kartal land and building is in the province of Istanbul, Kartal, Yukarı Mahalle, block 568, parcel 21 and the land area consists of 4,315 m^2 structures over that land. The parcel is seen as 2 parcels according to the municipality records. The structure on the land consists of a supermarket, 2 residence blocks and an office. The office building does not have any certificate of occupancy.

(***) The building is registered in Istanbul Esenyurt 347 block, 10 parcel which belongs to Kiler Alışveriş. The land area consists of a total of 16,500 m^2 and 3,426 m^2 of this land area is used by Kiler Alışveriş. The remaining section is rented and is therefore classified as investment property.

(****) According to the land registry Kağıthane land and building is in the province Istanbul, Kağıthane, Gürsel, 10301 block with an area of 206 m^2. 136/1236 share belongs to Kiler Alışveriş and consists of an open area of 23 m^2, 72 m^2 licensed closed area and 43 m^2 unlicensed closed area.

(*****) The Başakşehir residence is in the province of Istanbul, Başakşehir, Hoşdere, 559 block and building plot 1 and consists of 120 m^2 suite.

(All amounts in thousands of Turkish Lira (TL) unless indicated otherwise.)

NOTE 18 - PROPERTY, PLANT AND EQUIPMENT (Continued)

B	GMA given on behalf of the Group's subsidiaries	--	--
C	GMA given on behalf of third parties within trading operations	--	--
D	Other GMA		
	- Given on behalf of shareholders	40	34,825
	- Given on behalf of related parties except B and C	20,304	22,183
	- Given on behalf of third parties except C	--	--
		141,585	**178,603**

(*) Among the GMA position given by the Group on behalf of its own legal entity, a mortgage on Başakşehir store amounting to TL 25,000was given to Türkiye Finans Katılım Bankası A.Ş. for bank loans that are already used or will be used by Kiler Alışveriş and related parties Kiler Gayrimenkul Yatırım Ortaklığı A.Ş. and/or Kiler Holding A.Ş. and/or KLR İnşaat Ticaret Ltd. Şti. and/or Biskon Yapı A.Ş. In the general credit agreement that signed between related parties and the bank, the total limit of loan is not allocated specifically between borrower parties and the mortgage cannot be allocated for each borrower.

NOTE 24 – PROVISION FOR EMPLOYEE TERMINATION BENEFITS

	30.06.2011	31.12.2010
Severance Payment Provisions	4,491	3,849

Under Turkish law, the Company is required to pay employment termination benefits to each employee who has completed one year of service and whose employment is terminated without due cause, is called up for military service, dies or who retires after completing 25 years of service (20 years for women) and achieves the retirement age (58 for women and 60 for men). In addition, under the existing Social Security Law No. 506, clause No. 60, amended by the Labor Laws dated 06.03.1981, No. 2422 and 25.08.1999, No. 4447, the Company is also required to pay termination benefits to each employee who has earned the right to retire by receiving termination indemnities.

Severance payments are estimated based on 30 days gross salary for each year. The maximum price is TL/year 2,623.23 as of the related balance sheet date, 30.06.2011 (31.12.2010: TL/year 2,517.01).

Such payments are not required to be funded. Therefore no fund is reserved for such payments in the financial statements.

In its financial statements the Company reflected a liability for termination benefits based upon factors derived using their experience of personnel terminating their services and being eligible to receive retirement pay and discounted to present value at the balance sheet date by using average market yield, expected inflation rates and an appropriate discount rate.

(All amounts in thousands of Turkish Lira (TL) unless indicated otherwise.)

NOTE 24 – PROVISION FOR EMPLOYEE TERMINATION BENEFITS (Continued)

The principal assumption is that the maximum liability for each year of service will increase in line with inflation. Thus, the discount rate applied represents the expected real rate after adjusting for the anticipated effects of future inflation. An expected inflation rate and appropriate discount rate should both be determined, the net of these being real discount rate. As of 30.06.2011 the liability for employment termination benefits was calculated based on an annual real discount rate of 4.66% (31.12.2010: an annual real discount rate of 4.66%) using estimated annual inflation rate of 5.10% and discount rate of 10%.

Severance payment provision movement table listed below:

	01.01.-30.06.2011	**01.01.-31.12.2010**
Opening balance	3,849	2,568

Revaluation surpluses and special funds	13,811	13,811
	13,811	**13,811**

In the extraordinary general meeting of shareholders of Kiler Alışveriş dated 11.06.2010 the capital of the Company which was 105,000 TL was increased to TL 121,120. TL 1,000 of the share capital increase was financed by the shareholders' cash capital injection and TL 15,120 was financed by the special fund which comprised of assets received from shareholders to be added to the share capital according to law number 5811. The decision was registered on 22.06.2010 and was issued in the Turkish Commercial Register Newspaper dated 28.06.2010 numbered 7594.

According to Bring in Assets to the National Economy Law numbered 5811 dated 22.11.2008; companies are prompt to present to banks, brokerage institutions or tax offices until 31.12.2009 the fair value of their money, gold, securities and other financial investments held abroad and other assets demonstrable with related documents existed as of 01.06.2009. These assets are recorded in the statutory books according to law number 213 and a special fund should be created under the equity for these assets. This fund is a part of the share capital that should be used in share capital increases and cannot be used for other purposes and in case of liquidation it is not subject to taxation.

According to the law mentioned above; in 2009 the group received TL 26,523 injection to its equity which consisted of TL 10,900 of bank accounts (TL 1,000 belongs to Kiler Alışveriş and TL 9,900 belongs to Kiler Ankara), TL 15,120 of Kartal land and building (belongs to Kiler Alışveriş) (Note 18) and TL 503 of injection to the equity of its subsidiaries. In the extraordinary meeting dated 18.08.2009 TL 1,000 of this fund is used for capital increase.

In the extraordinary general meeting of shareholders of Kiler Alışveriş dated 11.06.2010, TL 15,120 and in the extraordinary general meeting dated 28.06.2010 TL 9,900 of the above mentioned fund are used to finance share capital increase.

(All amounts in thousands of Turkish Lira (TL) unless indicated otherwise.)

NOTE 34 – ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

None (31.12.2010: None)

(All amounts in thousands of Turkish Lira (TL) unless indicated otherwise.)

NOTE 35 - TAX ASSETS AND LIABILITIES (INCLUDING DEFERRED TAX)

After 01 January 2006 the corporation tax rate in Turkey is 20%.

The Corporation tax is applied on the total income of the Company after adjusting for certain disallowable expenses. No further tax is payable unless the profit is distributed. If the whole or a part of profit is distributed to:

- Individuals;
- Individuals and companies excepted or exempted from income and corporation taxes or;
- Non residents companies and individuals,

It is subject to 15% withholding tax. An increase in capital via issuing bonus shares is not considered as a profit distribution and no withholding tax is applied.

Corporations are required to pay advance corporation tax quarterly at the rate of 20% on their corporate income. Advance tax is payable by the 17th of the second month following each calendar quarter end. Advance tax paid by corporations is credited against the annual corporation tax liability.

75% of income from the sale of participation shares and property, which were held for at least two years, to be added to share capital are exempt from corporation tax provided that the transfer of this income to share capital takes place as provided in the Corporation Tax Law.

In Turkey, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns within the 25th of the fourth month following the close of the financial year to which they relate. Tax returns are open for 5 years from the beginning of the year that follows the date of filing, during which time the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

The computation of the statutory taxes for periods 30.06.2011 and 31.12.2010 is as follows:

Balance Sheet	**30.06.2011**	**31.12.2010**
Current period corporation tax expense	--	2,716
Prepaid taxes	--	(2,607)
	--	**109**

Income Statements	**01.01.- 30.06.2011**	**01.04.- 30.06.2011**	**01.01.- 30.06.2010**	**01.04.- 30.06.2010**
Current period corporation tax expense	--	592	(1,296)	(662)
Deferred tax income / (expense)	(465)	406	(603)	(1,940)
Total tax income / (expense)	**(465)**	**998**	**(1,899)**	**(2,602)**

(All amounts in thousands of Turkish Lira (TL) unless indicated otherwise.)

NOTE 35 - TAX ASSETS AND LIABILITIES (INCLUDING DEFERRED TAX) (Continued)

b) Deferred Tax

The Company recognizes deferred tax assets and liabilities based upon temporary differences arising between the financial statements prepared in accordance with the Communiqué and the statutory tax financial statements.

The breakdown of cumulative temporary differences and the resulting deferred tax assets/(liabilities) provided at 30.06.2011 and 31.12.2010 using the enacted tax rates are as follows:

	Total temporary differences		Deferred tax asset/(liabilities)	
	30.06.2011	**31.12.2010**	**30.06.2011**	**31.12.2010**
Unearned interest on trade receivable	37	129	7	26
Provision for severance payments	4,491	3,849	898	770
Provision for doubtful receivables	11,241	9,946	2,248	1,989
Cancellation of capitalized interest expense	25,949	24,951	5,190	4,990
Term difference on inventories	519	773	104	155
Lawsuit provision	8,874	7,869	1,775	1,574
Confirmation differences	2,932	2,332	586	466
Other	491	1,423	99	284
Unearned interest on trade payable	(1,577)	(1,220)	(315)	(244)
Revaluation difference on land and buildings	(8,853)	(8,853)	(1,771)	(1,771)
Revaluation differences on investment property	(1,901)	(1,901)	(380)	(380)
Difference on depreciation arising from recalculation with useful economic life	(53,445)	(48,803)	(10,689)	(9,761)

h) Remuneration of the management

The total remuneration of the chairman, the members of Board and the top management, amounted to TL 183 for the period ended 30.06.2011(01.01-30.06.2010: TL 156).

NOTE 38 - FINANCIAL INSTRUMENTS RISKS CHARACTERISTICS AND NATURE

Financial instruments

Financial risk management policies
The Company aims to overcome the potential negative effects of fluctuations in the market by the risk management program and focuses on managing the various financial risks of foreign exchange rates and interest rates.

Interest rate risk
Interest rate risk arises because changes in interest rates may affect profitability as disclosed in the financial statements.

(All amounts in thousands of Turkish Lira (TL) unless indicated otherwise.)

NOTE 38 - FINANCIAL INSTRUMENTS RISKS CHARACTERISTICS AND NATURE (Continued)

The Company's interest rate position and sensitivity analysis are shown below as of 30.06.2011 and 31.12.2010.

Interest Rate Position			
Financial instrument with fixed interest rate:		**30.06.2011**	**31.12.2010**
Financial assets	Financial assets which fair value differences are reflected in profit/loss	--	--
	Financial assets available for sale	--	--
Financial liabilities		110,578	121,310
Financial instrument with variable interest rate:			
Financial assets	Financial assets which fair value differences are reflected in profit/loss	--	--
	Financial assets available for sale	--	--
Financial liabilities		124,828	118,456

If the base point was 1% higher/lower as of 30.06.2011; and if all of the other variables had remained the same, the profit before tax would have been higher/lower by TL 594 (31.12.2010: TL 573).

(All amounts in thousands of Turkish Lira (TL) unless indicated otherwise.)

NOTE 38 - FINANCIAL INSTRUMENTS RISKS CHARACTERISTICS AND NATURE (Continued)

Credit risk
Being an owner of the financial assets conveys the risk of non-obeying the contract of the other party.

Exposure to credit risks with financial instruments are shown below:

NOTE 38 - FINANCIAL INSTRUMENTS RISKS CHARACTERISTICS AND NATURE (Continued)

Capital risk management

The Group's capital management objectives are to ensure the Group's ability to continue its operations, and to increase profitability by keeping balance between equity and liabilities.

The Group monitors capital on the basis of the carrying amount of equity plus its total of current and non-current borrowings (net debt) less cash and cash equivalents as presented on the face of the consolidated balance sheet.

The Group sets the amounts of capital in proportion to its overall financing structure i.e. equity and financial liabilities. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure the Group may adjust the amount of dividends paid to the shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group's capital to overall or financing ratio developed as follows:

	30.06.2011	**31.12.2010**
Total debt	235,406	239,766
Cash and cash equivalents	(32,885)	(36,539)
Net debt	202,521	203,227
Total equity	210,652	153,169
Overall financing	413,173	356,396
Net Debt/Overall financing	0.49	0.57

Fair value of financial instruments

Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation, and is best evidenced by a quoted market price, if one exists.

The estimated fair values of financial instruments have been determined by the Group using available market information, management's judgment and appropriate valuation methodologies. To the extent relevant and reliable information is available from the financial markets in Turkey; the fair value of the financial instruments of the Group is based on such market data. The fair values of the remaining financial instruments of the Group can only be estimated. The estimates presented herein are not necessarily indicative of the amounts the Group could realize in a current market exchange.

The following methods and assumptions were used to estimate the fair value of the Group's financial instruments:

NOTE 38 - FINANCIAL INSTRUMENTS RISKS CHARACTERISTICS AND NATURE (Continued)

Monetary assets
The foreign exchange type of the exchange rates of the reasonable value of the balances at the end of the period is predicted as close to the recorded values.
The recorded values of the financial assets shown as cash and values similar to cash, are short term and are therefore predicted as equal to reasonable value.

The recorded values of the trade receivables, in relation to the value decrease is predicted to reflect the reasonable value.

The reasonable value of the financial assets are accepted to come close to the related recorded values.

Financial liabilities
Trade payables and other monetary liabilities are considered to approximate their respective carrying values due to their short-term nature.

The bank borrowings are stated at their amortized costs and transaction costs are included in the initial measurement of loans and bank borrowings. The fair value of bank borrowings are considered to state their respective carrying values since the interest rate applied to bank loans and borrowings are updated periodically by the lender to reflect active market price quotations.

The carrying value of trade payables along with the related allowance for unrealized cost is estimated to be their fair values.

The financial liabilities which are denominated in foreign currencies are evaluated by the foreign exchange rates prevailing on the date of balance sheet.

NOTE 39 - FINANCIAL INSTRUMENTS: DISCLOSURES (FAIR VALUE DISCLOSURES AND HEDGE ACCOUNTING DISCLOSURES)

The carrying value of the Company’s financial instruments approximate their fair value. The Company does not have any speculative financial instruments and does not have any activity for speculative purposes with purchase and sale of financial instruments.

Financial risk management objectives
The Company’s finance department function provides services to the business, coordinates access to domestic and international markets, monitors and manages the financial risks arising from the Company’s operations through internal operations reports which analyses exposures by degree and magnitude of risk. These risks include market risk (including currency risk, fair value interest rate risk and price risk) credit risk, liquidity risk..

(All amounts in thousands of Turkish Lira (TL) unless indicated otherwise.)

NOTE 40- POST BALANCE SHEET EVENTS

a. The group opened 2 store after 30.06.2011.
